<b>Mitigation strategy goal</b>		
<i>Highlight the applicable strategic category</i>	<b>Prevention</b>	<b>Natural Resource Protection</b>
	<b>Property Protection</b>	<b>Critical Facilities Protection</b>
	Public Education & Awareness	<b>Structural Project</b>
<i>Describe the overall improvements to the community including the purpose for and the desired outcome from implementing this strategy</i>	To reduce the impact of future flood events for Village residents and facilities, the Village will undergo, or attempt to undergo, several mitigation projects. The projects are listed below but the Village is not restricting itself to only these. If new opportunities arise, the Village would evaluate them and possibly move forward with them also. These projects, both small and large, would benefit the entire Village. When flooding occurs it not only effects those directly in the flood with an unsafe situation and loss of property, but it adversely effects the rest of the community with interruptions in public services, utilities, and infrastructure.
